Floral Ordering Process

When you have booked your event date with Events at Enjoy, feel free to book a consultation with our team to meet with us where we discuss all things flowers!

During the consultation you will review available flowers, what your needs and wants are, average pricing and customize each item that you are seeking.

After your initial consultation, our team will design a proposal for you which will include photos, descriptions, and your prices.

When everything is perfect, we will send you your invoice, final proposal/mood board and contract. When you are ready to book, a 50% deposit is required. This secures your flowers for your event. The remaining 50% is due 30 days before your event date.

Thank-you

Ashley Rose, Floral Studio Manager
